About This Reference

This *ZENworks Modern Management Videos* reference includes several videos that show you how to get started with enabling and employing all the modern management capabilities of the ZENworks Suite, which includes mobile device management features such as managing Apple, Android, and Windows 10 MDM devices.

Audience

This guide is intended for ZENworks administrators.

Feedback

We want to hear your comments and suggestions about this manual and the other documentation included with this product. Please use the User Comments feature at the bottom of each page of the online documentation.

Additional Documentation

ZENworks Security is supported by other documentation for the ZENworks products mentioned above (in both PDF and HTML formats) that you can use to learn about and implement security features. For additional documentation, see the [ZENworks Documentation website](#).

Managing Windows 10 Devices

View the videos in the section for how-to demonstrations on Managing Windows 10 devices.

- ♦ [Chapter 1, “Configure ZENworks Servers to communicate with Windows Services,” on page 9](#)
- ♦ [Chapter 2, “Setup and Enroll Non-Azure AD Devices,” on page 11](#)
- ♦ [Chapter 3, “Enroll and Manage Azure AD Devices using Autopilot,” on page 13](#)
- ♦ [Chapter 4, “Deploy ZENworks Agent and Applications,” on page 15](#)

1 **Configure ZENworks Servers to communicate with Windows Services**

View the videos in the section for how-to demonstrations on configuring push notifications for Windows devices.

- ♦ [“Configure Push Notification Service” on page 9](#)

Configure Push Notification Service

The latest video will be uploaded soon.

2 Setup and Enroll Non-Azure AD Devices

View the videos in the section for how-to demonstrations on creating provisioning packages and enrolling non-Azure AD devices.

- ◆ “Create Provisioning Package” on page 11
- ◆ “Enrolment Workflow for Non- Azure AD Devices” on page 11

Create Provisioning Package
